Description:

Brewed in West Seattle for our neighbors to the south, this classic Malt Liquor is truly one of a kind.

Brewed with a lager yeast and weighing in at 7.4% ABV, this Malt Liquor has a sweet and smooth finish.

The grain bill also includes 20% rice and corn to give the beer its distinct industrial beer flavor.

Very (VERY) lightly hopped with Magnum and Galena, this beer has almost no discernable hop flavor or aroma.
