

# LUNA WEIZEN (ORGANIC)

**Malt Varieties:** Organic Pilsner, Organic Wheat

**Hop Varieties:** Mount Hood

**OG:** 11°P

**ABV:** 4.5%

**IBU:** 23

## **Description:**

This pale yellow, slightly cloudy American Hefeweizen is brewed with 40% wheat malt, which imparts a distinct citrus flavor and aroma.

Our version is more accurately a “wheaten ale,” a beer in which wheat is used to lend a distinct flavor, but at a much lower percentage of the total grain (40%).

Also, we use our house yeast. German Weizen beers, on the other hand, are brewed with a special strain of yeast which gives the beer a unique spicy and fruity flavor, like cloves and bananas.
