

# PINETOP RED ALE

**Malt Varieties:** Organic Pale, Organic Wheat, Organic Crystal Blend, Dark Munich

**Hop Varieties:** Chinook, Ahtanum, Northern Brewer

**OG:** 14.8°P

**ABV:** 5.75%

**IBU:** 59

## **Description:**

This recipe is loosely based on our **1492 Imperialist Red Ale**.

The hops in this recipe, however, push the beer more in the direction of piney flavor and aroma rather than the big bitterness of the 1492. The result is a richer perceived multi-ness in the Pinetop.

We also did two “dry-hopped” versions of this beer in cask form, adding Western Red Cedar tips to one keg and Western Hemlock needles to another.

The experimenting continues!
