Malt Varieties: Organic Pale, Organic Wheat, Organic Munich, Honey, Organic Caramel blend, Flaked Corn

Hop Varieties: Saaz

OG: 14.8°P

ABV: 5%

IBU: 20

Description:

This one is pretty self explanatory: It's RED.

A judicious amount of Honey Malt gives this beer its distinctive honey/cherry sweetness. The malt also contributes to the slightly sour/acidic taste of this beer.

There are some hops in there, but the hop flavor and aroma is practically non-existent. This also helps accentuate the sweet character of this beer.
